Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Introduction: Lacan's RSI and Freud's Three-Dimensional Theory of Mind/Psyche -- Chapter I: The Clear Screen, Perception, and the Nature of Inscription -- Chapter II: Instinct and Drive in Darwin and Freud, Contemporary Biology, and Psychoanalysis -- Chapter III: The Grammatical Voice of the Drive -- Chapter IV: Sign, Object, Image, Index, Representamen/Representations/ Signifiers, Interpretants, and Habit, in the work of Pierce and Lacan -- Chapter V: The Ego, the Person, the Self, and the Subject -- Chapter VI: The Symbolic in the early Lacan as a Cybernetic Machine, as Automaton and Tyché, and the two forms of the Real -- Chapter VII: Like a Fool, Like a Bungler: Elucidating Lacan's L'Étourdit -- Chapter VIII: The Rise and Fall of Cognition and the Realization of the larger Mind of Unconscious Knowing (Savoir) -- Chapter IX: The Other Psychoanalysis and the Other in Psychoanalysis -- Chapter X: The Clinical Practice of Lacanian

Sommario/riassunto

This book explores the practice and transmission of Lacanian and Freudian theory. It discusses the pure versus applied analysis of Lacanian and Freudian theory in practice; and the hierarchical versus circular transmissions within psychoanalytic organizations. Underpinned by extensive practical knowledge of the clinic, this work examines the differences between Freud and Lacan in their understanding of the subject and the unconscious and pushes them in new directions. The book also offers an analysis and commentary of several key Lacanian texts including an accessible study of the notoriously challenging text *L'etourdit*. Offering both divergent and reinforcing takes on Lacan, the author explores the traits that separate out the psychoanalyst from other twentieth-century thinkers and theorists. This book offers a clear clinical picture of where Lacanian psychoanalysis is today, both in the US and internationally.
