

1. Record Nr.	UNINA9910298073603321
Titolo	Foundations of Bilingual Memory // edited by Roberto R. Heredia, Jeanette Altarriba
Pubbl/distr/stampa	New York, NY : , : Springer New York : , : Imprint : Springer, , 2014
ISBN	1-4614-9218-1
Edizione	[1st ed. 2014.]
Descrizione fisica	1 online resource (301 p.)
Classificazione	ER 930
Disciplina	404.2019
Soggetti	Cognitive psychology Linguistics Cognitive Psychology Linguistics, general
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di contenuto	Section I. Bilingual Models -- The Classic Bilingual Memory View: How Everything Started -- Bilingual Memory Models -- Bilingual Dual Coding Theory -- Connectionist Models of Bilingual Memory -- Models of Lexical Access and Bilingualism -- Section II. Episodic, Semantic, and Working Memory -- Episodic Memory -- Semantic Memory -- Explicit vs. Implicit Memory -- Emotion and Memory -- False Memories -- Working Memory -- Section III. The Neuroscience of Bilingual Memory -- The Neuroscience of Bilingual Memory -- Hemispheric Differences and Memory Storage.
Sommario/riassunto	Foundations of Bilingual Memory provides a valuable update to the field of bilingual memory and offers a new psychological perspective on how the bilingual mind encodes, stores, and retrieves information. This volume emphasizes theoretical issues, such as classic memory approaches, Compound-Coordinate Bilingualism, Bilingual Dual Coding Theory, and Working Memory, about which relatively little has been written in the bilingual domain. Also covered are: • The neuropsychology of bilingual memory • Applied issues (such as false memories and bilingualism, emotion and memory) • Empirical findings in support of the uniqueness of the different memory systems of the bilingual individual • Connectionist models of bilingualism The volume

represents the first book of its kind, in stressing a memory perspective with regards to bilingual speakers. It can serve as an advanced text for both undergraduate and graduate level students and it will be of great interest to the growing number of bilingual teachers and university classes interested in understanding the bilingual mind, as well as in preparing teachers to work with the bilingual individual.
