Sommario/riassunto	This book outlines China's current overseas investment promotion system, analyzing the general situation and the main problems arising during its development. Based on investigations of both the historical and present-day contexts of outbound investment, the book suggests improvements to overseas investment promotion to protect China's enterprises from various aspects of the system including legal, regulatory, fiscal, intellectual property rights and standardization, risk

prevention, foreign trade and economic cooperation zones to promote  
overseas securities investment promotion and social services.
