

1. Record Nr.	UNISA996397323603316
Autore	Shepard Thomas <1605-1649.>
Titolo	The sincere convert [[electronic resource]] : discovering the small number of true believers, and the great difficulty of saving conversion. Wherein are excellently and plainly opened these choice and divine principles: viz. 1. That there is a God, and this God is most glorious. 2. That God made man in a blessed estate. 3. Man's misery by his fall. 4. Christ the only redeemer by price. 5. That few are saved, and that with difficulty. 6. That man's perdition is of himself. Whereunto is now added. The saint's jewel, shewing how to apply the promises; and The soul's invitation unto Jesus Christ. By Tho. Sheppard, sometimes of Emmanuel Colledge in Cambridge
Pubbl/distr/stampa	London, : printed for Robert Horn at the South Entrance of the Royal Exchange, 1680
Descrizione fisica	[16], 223, [1] p
Soggetti	Conversion Christian life

Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Key Factors of Economic Growth -- Commodity, Utility Density, Quality and Labor -- Consumption and the Growth of Consumption -- Organization—protection and restriction -- Production Theory-Individuals and Manufacturers -- Analyze of Economic Growth.
Sommario/riassunto	This book primarily discusses what could make the economy remain stable and increase the level of coordination, both on the demand and supply side, a fascinating question for economists. In this context, it systematically analyzes the theory of consumption and production growth. Most of the existing economic growth theories fail to analyze consumption growth. That oversight is remedied here, greatly enhancing the usefulness of economic growth theory. Factors influencing consumption and production at the micro scale provide the foundations of the analyzing frame. An economic system with endogenous technological progress can most likely only be rapidly coordinated under market conditions similar to those in a monopoly competition market. Over the course of the work, readers will discover that there is another way of viewing the economic world which is different from regular textbooks.
