Sommario/riassunto

This book constitutes the proceedings of the Third Asia Pacific
Conference on Business Process Management held in Busan, South
Korea, in June 2015. Overall, 37 contributions from ten countries were
submitted. After each submission was reviewed by at least three
Program Committee members, 12 full and two short papers were
accepted for publication in this volume. These papers cover various
topics and are categorized under four main research focuses in BPM:
advancement in workflow technologies, resources allocation strategies,
process mining, and emerging topics in BPM.
