   Sommario/riassunto   This book constitutes the thoroughly refereed proceedings of the 5th
                          International Joint Conference on Knowledge Discovery, Knowledge
                          Engineering and Knowledge Management, IC3K 2013, held in
                          Vilamoura, Portugal, in September 2013. The 27 full papers presented
                          together with two invited papers were carefully reviewed and selected
                          from 239 submissions. The papers are organized in topical sections on
                          knowledge discovery and information retrieval; knowledge engineering
                          and ontology development; knowledge management and information
                          sharing.
