                          2015

   ISBN   3-319-26123-1

   Edizione   [1st ed. 2015.]

   Descrizione fisica   1 online resource (XVIII, 460 p. 145 illus. in color.)

   Collana   Communications in Computer and Information Science, , 1865-0937 ; ;
                          542

   Disciplina   302

   Soggetti   Data mining
                          Natural language processing (Computer science)
                          Image processing - Digital techniques
                          Computer vision
                          Information storage and retrieval systems
                          Artificial intelligence
                          Data Mining and Knowledge Discovery
                          Natural Language Processing (NLP)
                          Computer Imaging, Vision, Pattern Recognition and Graphics
                          Information Storage and Retrieval
                          Artificial Intelligence

   Lingua di pubblicazione   Inglese

   Formato   Materiale a stampa

   Livello bibliografico   Monografia

   Note generali   Bibliographic Level Mode of Issuance: Monograph

   Nota di bibliografia   Includes bibliographical references and index.

   Sommario/riassunto   This book constitutes the proceedings of the Fourth International
                          Conference on Analysis of Images, Social Networks and Texts, AIST
                          2015, held in Yekaterinburg, Russia, in April 2015. The 24 full and 8
                          short papers were carefully reviewed and selected from 140
                          submissions. The papers are organized in topical sections on analysis
                          of images and videos; pattern recognition and machine learning; social
