   Edizione          [1st ed. 2018.]

   Descrizione fisica 1 online resource (XII, 239 p. 42 illus.)

   Collana           Communications in Computer and Information Science, , 1865-0937 ; ;
                     927

   Disciplina        025.04
                     025.0427

   Soggetti          Information storage and retrieval systems
                     Artificial intelligence
                     Application software
                     Database management
                     Data mining
                     Natural language processing (Computer science)
                     Information Storage and Retrieval
                     Artificial Intelligence
                     Computer and Information Systems Applications
                     Database Management
                     Data Mining and Knowledge Discovery
                     Natural Language Processing (NLP)

   Lingua di pubblicazione  Inglese

   Formato           Materiale a stampa

   Livello bibliografico  Monografia

   Nota di contenuto The mighty storage challenge -- Open knowledge extraction challenge
                     -- Question answering over linked data challenge -- Semantic
                     sentiment analysis.

   Sommario/riassunto This book constitutes the thoroughly refereed post conference
                     proceedings of the 4th edition of the Semantic Web Evaluation
                     Challenge, SemWebEval 2018, co-located with the 15th European
                     Semantic Web conference, held in Heraklion, Greece, in June 2018. This

book includes the descriptions of all methods and tools that competed at SemWebEval 2018, together with a detailed description of the tasks, evaluation procedures and datasets. The 18 revised full papers presented in this volume were carefully reviewed and selected from 24 submissions. The contributions are grouped in the areas: the mighty storage challenge; open knowledge extraction challenge; question answering over linked data challenge; semantic sentiment analysis.
