    Sommario/riassunto  This book constitutes the thoroughly refereed papers of the First
                       International Conference on Applied Informatics, ICAI 2018, held in
                       Bogotá, Colombia, in November 2018. The 27 full papers were carefully
                       reviewed and selected from 81 submissions. The papers are organized
                       in topical sections on data analysis; decision systems; health care
                       information systems; IT architectures; learning management systems;
                       mobile information processing systems; robotic autonomy; software
                       design engineering.
