| Pubbl/distr/stampa | Singapore : , : Springer Nature Singapore : , : Imprint : Springer, , 2018 |
| ISBN | 981-10-8393-2 |
| Edizione | [1st ed. 2018.] |
| Descrizione fisica | 1 online resource (417 pages) : illustrations |
| Collana | Green Energy and Technology, , 1865-3537 |
| Disciplina | 660.284235 |
| Soggetti | Renewable energy sources Transportation engineering Traffic engineering Energy policy Renewable Energy Transportation Technology and Traffic Engineering Energy Policy, Economics and Management |
| Lingua di pubblicazione | Inglese |
| Formato | Materiale a stampa |
| Livello bibliografico | Monografia |
| Nota di bibliografia | Includes bibliographical references at the end of each chapters. |
| Sommario/riassunto | This book presents a state-of-the-art compilation focusing on both technological and policy aspects of sustainable energy production and consumption, which deals with issues like the need for and planning of smart cities, alternative transport fuel options, sustainable power production, pollution control technologies etc. The book comprises contributions from experts from all over the world, and addresses energy sustainability from different viewpoints. Specifically, the book focuses on energy sustainability in the Indian scenario with a background of the global perspective. Contributions from academia, policy makers and industry are included to address the challenge from different perspectives. The contents of this book will prove useful to researchers, professionals, and policy makers working in the area of green and sustainable energy. |
