

1. Record Nr.	UNINA9910299697403321
Autore	Chawki Mohamed <1976->
Titolo	Cybercrime, digital forensics and jurisdiction // Mohamed Chawki [and three others]
Pubbl/distr/stampa	Cham, Switzerland : , : Springer, , [2015] ©2015
ISBN	3-319-15150-9
Edizione	[1st ed. 2015.]
Descrizione fisica	1 online resource (XVIII, 145 p.)
Collana	Studies in Computational Intelligence, , 1860-949X ; ; 593
Disciplina	364.168
Soggetti	Computer crimes - Investigation Computer crimes Computer crimes - Law and legislation
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di contenuto	Part I Fundamentals of Cybercrime -- Part II Computer System as Target -- Part III Computer System as Tool -- Part IV Content – Related Offenses -- Part V Privacy, Security and Crime Control.
Sommario/riassunto	The purpose of law is to prevent the society from harm by declaring what conduct is criminal, and prescribing the punishment to be imposed for such conduct. The pervasiveness of the internet and its anonymous nature make cyberspace a lawless frontier where anarchy prevails. Historically, economic value has been assigned to visible and tangible assets. With the increasing appreciation that intangible data disseminated through an intangible medium can possess economic value, cybercrime is also being recognized as an economic asset. The Cybercrime, Digital Forensics and Jurisdiction disseminate knowledge for everyone involved with understanding and preventing cybercrime - business entities, private citizens, and government agencies. The book is firmly rooted in the law demonstrating that a viable strategy to confront cybercrime must be international in scope.
