1.	Record Nr.	UNINA9910299721903321
	Autore	Xu Zeshui
	Titolo	Intuitionistic Preference Modeling and Interactive Decision Making / / by Zeshui Xu
	Pubbl/distr/stampa	Berlin, Heidelberg : , : Springer Berlin Heidelberg : , : Imprint : Springer, , 2014
	ISBN	9783642284038 3642284035
	Edizione	[1st ed. 2014.]
	Descrizione fisica	1 online resource (XI, 233 p. 13 illus., 8 illus. in color.)
	Collana	Studies in Fuzziness and Soft Computing, , 1434-9922 ; ; 280
	Disciplina	003.56
	Soggetti	Operations research Decision making Operations Research/Decision Theory
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
	Note generali	Bibliographic Level Mode of Issuance: Monograph
	Nota di bibliografia	Includes bibliographical references (pages 225-233).
	Nota di contenuto	1 Intuitionistic Preference Relations.-1.1 Concepts and Operations -- 1.2 Estimation Algorithms for Acceptable Incomplete Intuitionistic Fuzzy Preference Relations -- 1.2.1 The Estimation Algorithm for an Acceptable Incomplete Intuitionistic Fuzzy Preference Relation with the Least Judgements.-1.2.2 The Estimation Algorithm for Acceptable Incomplete Fuzzy Preferenc Relation with More Known Judgements. -1.2.3 Illustrative Example -- 1.3 Group Decision Making with Incomplete Interval-valued Intuitionistic Preference Relation -- 1.3.1 Incomplete Interval-valued Intuitionistic Preferenc Relations -- 1.3.2 A Procedure for Constructing an Interval-valued Intuitionistic Preference Relation with Multiplicative Transitivity -- 1.3.3 An approach to Group Decision Making with Incomplete Interval-valued Intuitionistic Preference Relation.-1.3.4 Example Illustration.-1.4 Iterative Algorithms for Improving Consistency of Institutionistic Preferenc Relation -- 1.4.1 Some Properties of a Multiplicative Consistent Intuitionistic Preference Relation.-1.4.2 Improving Consistency of an Intuitionistic Preference Relation.-1.4.3 Improving Consistency of Intuitionistic Preference Relations in Group Decision Making.-1.5 Consistency and Consensus Improving Procedures of Interval-valued Intuitionistic Preference Relations.-1.5.1 A Property of Multiplicative

| Sommario/riassunto | This book offers an in-depth and comprehensive introduction to the priority methods of intuitionistic preference relations, the consistency and consensus improving procedures for intuitionistic preference relations, the approaches to group decision making based on intuitionistic preference relations, the approaches and models for interactive decision making with intuitionistic fuzzy information, and the extended results in interval-valued intuitionistic fuzzy environments. |
