

1. Record Nr.	UNINA9910789656103321
Autore	Alizade Mariam
Titolo	Masculine Scenarios // Mariam Alizade
Pubbl/distr/stampa	London : , : Taylor and Francis, , 2018
ISBN	0-429-90186-0 0-429-47709-0 1-283-24870-0 9786613248701 1-84940-373-2
Edizione	[First edition.]
Descrizione fisica	1 online resource (161 p.)
Collana	Psychoanalysis & women series
Disciplina	155.332 364.1523081
Soggetti	Sex (Psychology) Sex role Masculinity
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"A volume in the Psychoanalysis & women series for the Committee on Women and Psychoanalysis of the International Psychoanalytical Association."
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	COVER; FOREWORD; CONTRIBUTORS; CHAPTER ONE: Sex and gender: the battle between body and soul; CHAPTER TWO: Men and their bedrock: ""repudiation of femininity""; CHAPTER THREE: What do men want?; CHAPTER FOUR: Male sexuality and mental void; CHAPTER FIVE: Offending gender-being and wanting in male same-sex desire; CHAPTER SIX: The battle of the sexes; CHAPTER SEVEN: The loneliness of the homosexual; CHAPTER EIGHT: The presence of males in abortion discourse and practices; CHAPTER NINE: The sexed body and the real-its meaning in transsexualism CHAPTER TEN: Masculinity revisited: a self-deconstruction CHAPTER ELEVEN: Boy's envy of mother and the consequences of this narcissistic mortification; REFERENCES
Sommario/riassunto	""Human identity, sexual identity, primary and secondary identification, object choice, narcissism - all of these lie on a continuum with homosexuality, transsexualism, transvestism, heterosexuality and

asexuality. Concepts on sexuality and gender are outlined anew in an interplay of theoretical and clinical networks, with the aim of increasing the efficiency of analytic praxis freed from prejudice and monolithic convention.'- Alcira Mariam Alizade, from the Foreword
 Masculine Scenarios is the third volume in a unique series edited by Alcira Mariam Alizade for the Committee on Women and Psychoanalysis of the International Psychoanalytical Association. Providing a forum for exploration and discussion of diverse issues relating to gender constructs, sexuality, and sexual identity, the series brings together an internationally renowned group of contributors trained in the psychoanalytic tradition. Masculine Scenarios concentrates on issues regarding the psychic world of men and male sexuality. The construction of gender identity, the battle of the sexes, transsexualism, homosexuality and masculinity are some of the topics discussed in this inspiring book."--Provided by publisher.

2. Record Nr.	UNINA9910299823803321
Titolo	Advances in Aerospace Guidance, Navigation and Control : Selected Papers of the Third CEAS Specialist Conference on Guidance, Navigation and Control held in Toulouse // edited by Joël Bordeneuve-Guibé, Antoine Drouin, Clément Roos
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2015
ISBN	3-319-17518-1
Edizione	[1st ed. 2015.]
Descrizione fisica	1 online resource (730 p.)
Disciplina	620 629.1 629.8
Soggetti	Aerospace engineering Astronautics Automatic control Aerospace Technology and Astronautics Control and Systems Theory
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia

Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Nota di contenuto	Part I: Guidance and Control.- Part II: Estimation and Navigation -- Part III: Atmospheric Applications -- Part IV: Space Applications.
Sommario/riassunto	<p>The two first CEAS (Council of European Aerospace Societies) Specialist Conferences on Guidance, Navigation and Control (CEAS EuroGNC) were held in Munich, Germany in 2011 and in Delft, The Netherlands in 2013. ONERA The French Aerospace Lab, ISAE (Institut Supérieur de l' Aéronautique et de l'Espace) and ENAC (Ecole Nationale de l'Aviation Civile) accepted the challenge of jointly organizing the 3rd edition. The conference aims at promoting new advances in aerospace GNC theory and technologies for enhancing safety, survivability, efficiency, performance, autonomy and intelligence of aerospace systems. It represents a unique forum for communication and information exchange between specialists in the fields of GNC systems design and operation, including air traffic management. This book contains the forty best papers and gives an interesting snapshot of the latest advances over the following topics: I Control theory, analysis, and design I Novel navigation, estimation, and tracking methods I Aircraft, spacecraft, missile and UAV guidance, navigation, and control I Flight testing and experimental results I Intelligent control in aerospace applications I Aerospace robotics and unmanned/autonomous systems I Sensor systems for guidance, navigation and control I Guidance, navigation, and control concepts in air traffic control systems For the 3rd CEAS Specialist Conference on Guidance, Navigation and Control the International Program Committee conducted a formal review process. Each paper was reviewed in compliance with standard journal practice by at least two independent and anonymous reviewers. The papers published in this book were selected from the conference proceedings based on the results and recommendations from the reviewers.</p>
