| Edizione                | [1st ed. 2015.]  |
| Descrizione fisica      | 1 online resource (315 p.)   |
| Collana                 | Advances in Intelligent Systems and Computing, , 2194-5365 ; ; 361   |
| Disciplina              | 006.3<br>006.312<br>620<br>621.382   |
| Soggetti                | Computational intelligence<br>Data mining<br>Telecommunication<br>Computational Intelligence<br>Data Mining and Knowledge Discovery<br>Communications Engineering, Networks  |
| Lingua di pubblicazione | Inglese  |
| Formato                 | Materiale a stampa   |
| Livello bibliografico   | Monografia   |
| Note generali           | Description based upon print version of record.  |
| Nota di bibliografia    | Includes bibliographical references and index.   |
| Nota di contenuto       | Invited Papers.- Data Mining -- Data Mining Methods -- Data Mining<br>Applications -- Networks.-Security -- Network Systems and Platforms.   |
| Sommario/riassunto      | This book presents recent research work and results in the area of<br>communication and information technologies. The book includes the<br>main results of the 11th International Conference on Computing and<br>Information Technology (IC2IT) held during July 2nd-3rd, 2015 in<br>Bangkok, Thailand. The book is divided into the two main parts Data<br>Mining and Machine Learning as well as Data Network and<br>Communications. New algorithms and methods of data mining as<br>discussed as well as innovative applications and state-of-the-art<br>technologies on data mining, machine learning and data networking. |
