Nota di contenuto	1 Introduction: WikiLeaks as a New Form of Activism -- 2 Information Abundance and Media Credibility in a Fragmented Public Sphere -- 3 Lessons from Collateral Murder -- 4 The Non-revelations of Cablegate -- 5 Emerging Affinities: WikiLeaks in the Context of a Legitimation Crisis -- 6 WikiLeaks' American Moment: The DNC Emails, Russiagate and Beyond.
Sommario/riassunto	WikiLeaks poses a unique challenge to state and commercial institutions. This book considers the whistleblower platform's ongoing importance, focusing on the informational and communicative paradoxes it faces, and the shifting strategies it has adopted over time. Attention to these matters provides insight into the nature of the

contemporary networked, post-truth media environment, and the types of factors likely to affect the success of activist groups today. Chapter 1 introduces WikiLeaks' significance as a novel expression of counterpower, outlining the disclosures marking its career. Chapters 2 through 4 address the dilemmas confronting WikiLeaks in its attempts to engage the public with and without the cooperation of mainstream news organizations. Chapter 5 appraises how WikiLeaks has adjusted its strategies to take better advantage of a densely populated and globally networked media environment within the larger context of an ongoing political legitimization crisis. Chapter 6 extends this analysis to the case of Russiagate.
