1.

developmental stage of their economy, their culture and tradition, and their legal system. The book poses the question of whether copyright law should be reformed to fulfill its fundamental purpose of serving education and research that are in the public interest in the digital era? It examines whether the legal frameworks adequately address developing countries' educational and research requirements in view of the opportunities and restrictions posed by electronic communication media. Further, it provides a comprehensive study that addresses the various critical issues relevant to the reform of the copyright law system and offers recommendations for developing countries to revamp their copyright law system to better serve their education and research sector.
