1.	Record Nr.	UNINA9910300126803321
	Titolo	Geometric Methods in Physics XXXV : Workshop and Summer School, Biaowiea, Poland, June 26 – July 2, 2016 / / edited by Piotr Kielanowski, Anatol Odzijewicz, Emma Previato
	Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Birkhäuser, , 2018
	ISBN	3-319-63594-8
	Edizione	[1st ed. 2018.]
	Descrizione fisica	1 online resource (282 pages) : illustrations (some color), photographs
	Collana	Trends in Mathematics, , 2297-024X
	Disciplina	530.143
	Soggetti	Global analysis (Mathematics) Manifolds (Mathematics) Mathematical physics Group theory Special functions Geometry Global Analysis and Analysis on Manifolds Mathematical Methods in Physics Group Theory and Generalizations Special Functions
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
	Nota di bibliografia	Includes bibliographical references.
	Sommario/riassunto	This book features a selection of articles based on the XXXV Biaowiea Workshop on Geometric Methods in Physics, 2016. The series of Biaowiea workshops, attended by a community of experts at the crossroads of mathematics and physics, is a major annual event in the field. The works in this book, based on presentations given at the workshop, are previously unpublished, at the cutting edge of current research, typically grounded in geometry and analysis, and with applications to classical and quantum physics. In 2016 the special session "Integrability and Geometry" in particular attracted pioneers and leading specialists in the field. Traditionally, the Biaowiea

Workshop is followed by a School on Geometry and Physics, for advanced graduate students and early-career researchers, and the book also includes extended abstracts of the lecture series.
