

1. Record Nr.	UNINA9910300162903321
Titolo	Atlas of Esophageal Surgery // edited by P. Marco Fisichella, Marco G. Patti
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2015
ISBN	3-319-13015-3
Edizione	[1st ed. 2015.]
Descrizione fisica	1 online resource (185 p.)
Disciplina	610
Soggetti	Gastroenterology Abdomen - Surgery Abdominal Surgery
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Nota di contenuto	1. History of Esophageal Surgery -- 2. Radiologic Evaluation of Esophageal Diseases -- 3. Diagnostic and Interventional Endoscopy -- 4. Esophageal Function Testing -- 5. Patient Positioning -- 6. Operations for Gastroesophageal Reflux Disease -- 7. Laparoscopic Pyloroplasty -- 8. Paraesophageal Hernia Repair and Collis Gastroplasty -- 9. Operations for Achalasia -- 10. Peroral Endoscopic Myotomy (POEM) -- 11. Operations for Zenker's Diverticulum -- 12. Laparoscopic Treatment of Epiphrenic Diverticula -- 13. Operations for Leiomyoma -- 14. Roux-en-Y Gastric Bypass for GERD and Morbid Obesity -- 15. Transhiatal Esophagectomy -- 16. Ivor Lewis Esophagectomy -- 17. Minimally Invasive Esophagectomy -- 18. Hybrid Transthoracic Esophagectomy.
Sommario/riassunto	This Atlas focuses on the thorough description of approaches and surgical techniques used to treat the entire spectrum of esophageal diseases. The authors analyse the key elements for the successful surgical treatment of patients, describing the minimally invasive surgical approach to common esophageal diseases. Current indications, perioperative management strategies and a detailed operative approach with relevant technical considerations are given in each chapter. The Atlas of Esophageal Surgery is a useful guide for residents, fellows and

surgeons practicing general and thoracic surgery.
