Record Nr.	UNINA9910300189003321
Titolo	Ureteral Stone Management : A Practical Approach / / edited by Sutchin R. Patel, Stephen Y. Nakada
Pubbl/distr/stampa	Cham:,: Springer International Publishing:,: Imprint: Springer,, 2015
ISBN	3-319-08792-4
Edizione	[1st ed. 2015.]
Descrizione fisica	1 online resource (225 p.)
Disciplina	610 616.0757 616.6
Soggetti	Urology Radiology Interventional radiology Imaging / Radiology Interventional Radiology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Nota di contenuto	1. History of Ureteral Stone Management 2. Radiology Imaging for Ureteral Stones 3. Radiation Exposure to the Patient and Urologist 4. Selecting the Appropriate Treatment Modality for Ureteral Calculi 5. Observation and Medical Expulsive Therapy 6. Shock Wave Lithotripsy for the Treatment of Ureteral Stones 7. Semirigid Ureteroscopy 8. Flexible Ureteroscopy 9. Percutaneous Nephrolithotomy and Antegrade 10. Ureteral Stents 11. Adjunctive Equipment for Ureteral Stone Management 12. Tips and Tricks in the Treatment of Ureteral Stones 13. Difficult Case: The Impacted Ureteral Stone 14. Difficult Case: Ureteral Stricture Distal to a Stone 15. Complications in the Treatment of Ureteral Stones-Prevention and Management 16. Future Directions.
Sommario/riassunto	Providing a complete updated roadmap to treating ureteral stones, Ureteral Stone Management: A Practical Approach presents newer topics focusing of the recent improvements in instrumentation and

adjunctive equipments, managing radiation to both patient and urologist, as well as reviews of the most recent studies on urologic practices. Ureteral Stone Management: A Practical Approach assists the reader in a logical and step wise pathway for selecting the best treatment options and how to work through complications. This evidence-based text is valuable to all those working in the field of urology.
