

1. Record Nr.	UNINA9910300190403321
Titolo	Surgery for Cancers of the Gastrointestinal Tract : A Step-by-Step Approach // edited by Joseph Kim, Julio Garcia-Aguilar
Pubbl/distr/stampa	New York, NY : , : Springer New York : , : Imprint : Springer, , 2015
ISBN	1-4939-1893-1
Edizione	[1st ed. 2015.]
Descrizione fisica	1 online resource (323 p.)
Disciplina	610 616994 617 617.555
Soggetti	Surgery Rectum—Surgery Surgical oncology General Surgery Colorectal Surgery Surgical Oncology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Open Technique for Ivor Lewis Esophagectomy -- Minimally Invasive Ivor Lewis Esophagectomy -- Open Technique for Transhiatal Esophagectomy -- Open Radical En Bloc Esophagectomy -- Minimally Invasive Three-Field Esophagogastrectomy -- Open Distal Gastrectomy for Gastric Cancer -- Laparoscopic Distal/Subtotal Gastrectomy -- Minimally Invasive Total Gastrectomy for Gastric Carcinoma -- Total Gastrectomy and Splenectomy with Roux-en-Y esophagojejunostomy -- Open Pancreaticoduodenectomy for Peri-ampullary Cancers: A Step-By-Step Approach -- Laparoscopic Pancreaticoduodenectomy -- Robotic Technique for Pancreaticoduodenectomy -- Open Technique for Resection of Cancers in the Jejunum and Ileum -- Minimally Invasive Surgical Techniques for Cancers of the Small Intestine (Jejunum and Ileum) -- Open Right Colectomy -- Laparoscopic technique for right colectomy -- Robotic Technique for Right Colectomy -- Open Left Colectomy -- Laparoscopic Left Colectomy -- Open Technique for Low

Anterior Resection -- Laparoscopic Technique for Low Anterior Resection -- Totally Robotic Low Anterior Resection of the Rectum -- Hybrid Laparoscopic-Robotic Low Anterior Resection -- Open Abdominoperineal Resection in Lithotomy Position -- Robotic Abdominoperineal Resection -- Open Technique for Transanal Resection -- Transanal Minimally Invasive Surgery for Rectal Cancer -- Transanal Endoscopic Surgery in Rectal Tumors.

Sommario/riassunto

This book provides an educational resource of modern and advanced operative techniques for patients with GI cancers. The textbook is designed to provide a step-by-step surgical approach, highlighting key learning points and potential operative pitfalls. When appropriate, two or more different approaches on an operative procedure are presented to provide additional perspective on surgical techniques. Written descriptions of laparoscopic and robotic cancer operations are paired with online video presentations of the same cancer operation. Written by experts in the field, *Surgery for Cancers of the Gastrointestinal Tract: A Step-by-Step Approach* provides a concise summary of the current management of each GI cancer and is of great utility to not only surgeons at all levels of training, but also for surgeons in practice who seek to reinforce or learn new surgical techniques.
