

1. Record Nr.	UNINA9910300194003321
Titolo	Treatment of Chronic Pain by Medical Approaches : the AMERICAN ACADEMY of PAIN MEDICINE Textbook on Patient Management // edited by Timothy R. Deer, Michael S. Leong, Vitaly Gordin
Pubbl/distr/stampa	New York, NY : , : Springer New York : , : Imprint : Springer, , 2015
ISBN	1-4939-1818-4
Edizione	[1st ed. 2015.]
Descrizione fisica	1 online resource (230 p.)
Disciplina	610 616.0472 616.8 617.96
Soggetti	Pain medicine Primary care (Medicine) Neurology Anesthesiology Pain Medicine Primary Care Medicine
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	1. A Survey of Systems Involved in Nociceptive Processing -- 2. Pharmacogenomics of Pain Management -- 3. Nonsteroidal Anti-inflammatory Drugs -- 4. The Role of Antidepressants in the Treatment of Chronic Pain -- 5. Anticonvulsant Medications for Treatment of Neuropathic and "Functional" Pain -- 6. NMDA Receptor Antagonists in the Treatment of Pain -- 7. Role of Muscle Relaxants in the Treatment of Pain -- 8. Topical Analgesics -- 9. Sleep Aids -- 10. Clinical Use of Opioids -- 11. Opioid Adverse Effects and Opioid-Induced Hypogonadism -- 12. Acute Management of the Opioid-Dependent Patient -- 13. Opioids and the Law -- 14. Methadone for Chronic Pain -- 15. Toxicology Screening for Opioids -- 16. Monitoring Drug Use and Abuse: The Evolution of a Paradigm -- 17. Polypharmacy and Drug Interaction -- 18. Role of Cannabinoids in Pain Management -- 19. The Future of Pain Pharmacotherapy.

## Sommario/riassunto

From reviews of Deer, eds., *Comprehensive Treatment of Chronic Pain by Medical, Interventional, and Integrative Approaches*: "Comprehensive Treatment of Chronic Pain by Medical, Interventional, and Integrative Approaches is a major textbook... [I]t should be a part of all departmental libraries and in the reference collection of pain fellows and pain practitioners. In fact, this text could be to pain as Miller is to general anesthesia." *Journal of Neurosurgical Anesthesiology* Edited by master clinician-experts appointed by the American Academy of Pain Medicine, this is a soft cover version of the Medical section of the acclaimed Deer, eds., *Comprehensive Treatment of Chronic Pain by Medical, Interventional, and Integrative Approaches*. It is intended as a primary reference for busy clinicians who seek up-to-date and authoritative information about medical approaches to treating chronic pain. Clinically focused resource on the medical management of chronic pain. Leading edge topics, such as monitoring opioid use and abuse, the emerging role of cannabinoids in pain treatment, and the systems involved in nociceptive processing systems. "Key Points" preview contents of each chapter.
