

1.	Record Nr.	UNINA9910280639203321
	Autore	Avino, Gennaro
	Titolo	Allattamento al seno e invaginazione intestinale nel primo anno di vita : tesi di specializzazione in Pediatria / Gennaro Avino ; Alfredo Pisacane
	Pubbl/distr/stampa	Napoli : Università degli studi di Napoli "Federico II", a.a. 1992-1993
	Descrizione fisica	32 p. ; 30 cm
	Locazione	DMEPE
	Collocazione	1992-1993 AVINO
	Lingua di pubblicazione	Italiano
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
2.	Record Nr.	UNINA9910300196603321
	Titolo	Electrical Stimulation for Pelvic Floor Disorders / / edited by Jacopo Martellucci
	Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2015
	ISBN	3-319-06947-0
	Edizione	[1st ed. 2015.]
	Descrizione fisica	1 online resource (268 p.)
	Disciplina	610 616.0472 616.6 617.03 617.05 617.555
	Soggetti	Rectum—Surgery Urology Pain medicine Minimally invasive surgery Medical rehabilitation Alternative medicine Colorectal Surgery Pain Medicine Minimally Invasive Surgery

Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references at the end of each chapters.
Nota di contenuto	Foreword by E Weil -- Preface -- 1.Introduction -- 2.Functional anatomy of the pelvic floor -- 3.Neurophysiology and Neurophysiological Evaluation of the Pelvic Floor -- 4.Basic concepts in electricity and electrotherapy -- 5.Acupuncture and Electroacupuncture -- 6.Electrical Stimulation, Biofeedback and other rehabilitative techniques -- 7.Transcutaneous Electrical Nerve Stimulation -- 8.Tibial Nerve Stimulation -- 9.Sacral Nerve Modulation: techniques and indications -- 10. Sacral Nerve Modulation for urinary disorders: Over Active Bladder -- 11.Sacral Nerve Modulation for urinary disorders: Urinary Retention -- 12.Sacral Nerve Modulation for Fecal Incontinence -- 13.Sacral Nerve Modulation for Constipation -- 14.Pudendal Nerve Modulation -- 15.Electrical stimulation in sexual dysfunction -- 16. Electrical stimulation for Pelvic Pain -- 17.Pelvic Floor Neuromodulation in Neurologic patients -- 18.New frontiers.
Sommario/riassunto	<p>This book will enable the reader to gain a sound understanding of contemporary and futuristic evidence-based interventions and assessment procedures for pelvic floor disorders. It gathers the experiences of some of the most important experts on electrical stimulation techniques, offering a multidisciplinary and problem-oriented approach organized according to therapeutic goals. Interventions are recommended that are consistent with theory and display clinical efficacy for specific disorders, including urinary incontinence or retention, fecal incontinence, constipation, pelvic pain, sexual dysfunction, and neurological diseases involving the pelvic floor. All of the surgical or rehabilitative techniques requiring electrical stimulation for the treatment of these disorders are explored, and essential background information is provided on functional anatomy, neurophysiology, and concepts in electrotherapy. This volume will be a very useful tool for urologists, general or colorectal surgeons, gynecologists, and anesthesiologists, and also physiotherapists and alternative medicine practitioners (a specific chapter focuses on electroacupuncture). It will assist in their clinical practice as they seek to help the very many patients who suffer from any of the wide range of functional pelvic floor disorders.</p>
