

1. Record Nr.	UNINA9910300210803321
Titolo	Gynecologic Oncology : A Pocketbook // edited by Ramez N. Eskander, Robert E. Bristow
Pubbl/distr/stampa	New York, NY : , : Springer New York : , : Imprint : Springer, , 2015
ISBN	1-4939-1976-8
Edizione	[1st ed. 2015.]
Descrizione fisica	1 online resource (430 p.)
Disciplina	610 615842 616994 617
Soggetti	Gynecology Oncology Surgery Radiotherapy Gynecology Oncology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Nota di contenuto	Section 1: Disease Sites -- Epithelial Ovarian Cancer, Low Malignant Potential and Sex Cord Stromal Tumors of the Ovary -- Cervical Cancer -- Cancer of the Vulvar and Vagina -- Uterine Corpus Cancers -- Gestational Trophoblastic Disease -- Section 2: Chemotherapy -- Chemotherapy for Gynecologic Cancer -- Section 3: Radiation Therapy -- Radiation Therapy in Gynecologic Cancer -- Section 4: Critical Care -- Critical Care -- Section 5: Palliative Care -- Palliative Care.
Sommario/riassunto	During this age of advanced technology, there is an incredible amount of dynamic literature surrounding the diagnosis and treatment of gynecologic cancers. Despite this information surplus, house officers and junior faculty studying gynecologic oncology indicate a need for a reliable, easily accessible, streamlined resource for everyday use. Gynecologic Oncology: A Pocketbook is a collaborative effort that combines the perspectives of expert faculty and fellows in training in

the field of gynecologic oncology. Not only is it incredibly portable, but the format in which the information is presented (bullet point, outline, tables and diagrams) allows for rapid access to valuable information and is unique amongst existing texts. This distinct pocketbook will provide the information needed to care for patients with gynecologic malignancies appropriately and will promote critical thinking throughout treatment.
