Pubbl/distr/stampa	London : , : Springer London : , : Imprint : Springer, , 2015
ISBN	1-4471-2789-7
Edizione	[1st ed. 2015.]
Descrizione fisica	1 online resource (222 p.)
Disciplina	610
Soggetti	Internal medicine Diabetes Endocrinology Internal Medicine Endocrinology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Sommario/riassunto	This book assembles a number of real-life clinical cases that illustrate aspects of both diabetes and endocrinology. The cases are described as they may present to the clinician, followed by a series of questions that illustrate the clinical problem and provide background information. All of the clinical vignettes presented have been written by practising physicians and surgeons who encountered these patients in their day-to-day practice. Some represent common presentations of relatively rare conditions, whilst others describe uncommon presentations of more familiar disorders. Endocrinology and Diabetes: Case Studies, Questions and Commentaries will appeal to both trainees in diabetes and endocrinology and more experienced practitioners alike, providing an alternative approach to cover a wide variety of clinical scenarios.
