Nephrectomy from a Living Donor -- 5. Kidney Transplantation -- 6. Pancreas Transplantation -- 7. Liver Transplantation -- 8. Intestinal and Multivisceral Transplantation -- 9. Total Pancreatectomy and Islet Autotransplantation -- 10. Pediatric Liver Transplantation.
Sommario/riassunto	This comprehensive, step-by-step account of current abdominal organ transplant surgery provides the reader with a clear visual and written description of the major transplant procedures. <i>Atlas of Organ Transplantation, Second Edition</i> emphasises new procedures, and those that have undergone significant modifications. With the help of schematic diagrams, high-quality intra-operative photographs and videos, the reader is able to clearly visualize the course of the operative procedures. Written by experts in the field, this <i>Atlas</i> is essential reading for all transplant surgeons, residents and fellows, as well as operating room nurses and transplant nurses.
