

1. Record Nr.	UNINA9910300237803321
Titolo	Complications of Cirrhosis : Evaluation and Management // edited by Andrew P. Keaveny, Andrés Cárdenas
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2015
ISBN	3-319-13614-3
Edizione	[1st ed. 2015.]
Descrizione fisica	1 online resource (348 p.)
Disciplina	610 616.33 616.36
Soggetti	Gastroenterology Hepatology Gastroenterology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Pathogenesis and Evolution of Liver Fibrosis: Cirrhosis or Cirrheses? -- Natural History of Cirrhosis -- Prediction of Complications of Cirrhosis: Molecular Biomarkers -- Predictors of Clinical Complications of Cirrhosis -- Non-Invasive Markers of Fibrosis in the Assessment of Cirrhosis -- Diagnosis of cirrhosis: Imaging -- Measurement of Portal Pressure and Transjugular Liver Biopsy -- Reversal of Cirrhosis -- Esophageal Varices: Primary and Secondary Prophylaxis -- Acute Variceal Bleeding -- Gastric and Ectopic Varices -- Portal Hypertensive Gastropathy and Gastric Antral Vascular Ectasia (GAVE) -- Ascites and Refractory Ascites Arun Sanyal -- Hyponatremia in Cirrhosis -- Hepatorenal syndrome -- Hepatic Encephalopathy -- Cirrhotic Cardiomyopathy: Pathogenic Mechanisms and Management Strategies -- Hepatopulmonary syndrome -- Portopulmonary Hypertension -- Portal Vein Thrombosis -- Coagulation Disorders in Patients with Cirrhosis -- Hepatocellular Carcinoma -- Cholangiocarcinoma -- Bacterial Infections in Patients with Cirrhosis -- Acute-on-Chronic Liver failure (ACLF) -- Liver support systems -- Liver Transplantation -- Assessment and management of the patient with cirrhosis undergoing surgery -- Promoting a Healthy Lifestyle, Managing Hyperlipidemia,

Diabetes Mellitus, Hypertension and Immunizations in Patients with Cirrhosis -- Malnutrition in Patients with Cirrhosis -- Bone disease in Patients with Cirrhosis -- The Economic Cost of Cirrhosis -- Delivering Quality Care to Patients with Cirrhosis: A Practical Guide for Clinicians -- Quality of life issues for patients with cirrhosis -- Palliative Care in Cirrhosis -- Ethical Issues in End Stage Liver Disease: A Framework for Assessment and the Challenges.

Sommario/riassunto

This volume presents a concise yet comprehensive overview on all facets concerning the complications of cirrhosis. Structured in three sections, the book reviews the natural history of cirrhosis, the diagnostic and predictive tools available to assess the disease, complications, and treatment options such as liver assist devices and transplantation. Topical concerns in the management of patients with cirrhosis are also addressed, including issues pertaining to the delivery of quality care in this patient population. Written by experts in their fields, *Complications of Cirrhosis: Evaluation and Management* serves as a valuable resource for practitioners and physicians-in-training on the subject of cirrhosis.
