

1. Record Nr.	UNINA9910300239903321
Autore	Sadeghian Hakimeh
Titolo	Echocardiographic Atlas of Adult Congenital Heart Disease // by Hakimeh Sadeghian, Zahra Savand-Roomi
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2015
ISBN	3-319-12934-1
Edizione	[1st ed. 2015.]
Descrizione fisica	1 online resource (486 p.)
Disciplina	610 616.0757 616.12 618.92
Soggetti	Radiology Cardiology Pediatrics Imaging / Radiology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Left to right shunts -- Cyanotic adult congenital heart disease -- Other anomalies -- Fetal heart echocardiography.
Sommario/riassunto	This atlas of echocardiography presents more than 100 cases of adult congenital heart disease, from diagnosis to treatment follow-up. The coverage is broad, encompassing atrial and ventricular septal defects, patent ductus arteriosus, cyanotic adult congenital heart disease, and numerous other anomalies, as well as findings on fetal echocardiography. For each disease, all echocardiographic images and views which proved of diagnostic value are arranged sequentially, with inclusion of transesophageal echocardiographic images whenever appropriate. Additional pertinent information is provided relating to diagnosis and treatment, and key teaching points are highlighted. The superb quality of the illustrations and the range of cases considered (including many rare ones) ensure that this atlas will be of great value for cardiology residents and fellows and highly relevant to day-to-day practice.
