

1. Record Nr.	UNINA9910300262003321
Autore	Hochlenert Dirk
Titolo	Diabetic Foot Syndrome [[electronic resource] ] : From Entity to Therapy // by Dirk Hochlenert, Gerald Engels, Stephan Morbach, Stefanie Schliwa, Frances L. Game
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2018
ISBN	3-319-92055-3
Edizione	[1st ed. 2018.]
Descrizione fisica	1 online resource (395 pages)
Disciplina	617.585
Soggetti	Endocrinology Vascular surgery Orthopedics Endocrinology Vascular Surgery
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	1. Introduction -- 2. The Foot as a Marvel -- 3. Diagnostic Pathways -- 4. Therapeutic Pathways: Conditions -- 5 Entities – A System of Diabetic Foot Ulcers -- 6. Tips of the Toes (1 - 2) -- 7. Torsion of the Hallux (3) -- 8. Hallux Valgus (4) -- 9. Hallux: Plantar IP Joint (5) -- 10. Nail bed lesions (6) -- 11. Dorsum of the IP Joints (7 - 8) -- 12. Interdigital Lesions (9) -- 13. The Lateral Side of the Foot (10 - 12) -- 14. Plantar MTHs (13 - 14) -- 15. The Malleoli (15 - 16) -- 16. The Heel (17 – 18) -- 17. Atypical Areas (19 - 22) -- 18. Transition to the Lower Leg -- 19. External Offloading and Immobilisation -- 20. Internal Offloading -- 21. Fundamentals of Local Treatment -- 22. The Charcot Foot -- 23. Organisation of an Outpatient Clinic -- 24. Organisation of Shared Care -- 25. Service.
Sommario/riassunto	This book provides a clear and integrated guide to the diagnostic pathways and therapeutic options available for the treatment of diabetic foot syndrome. The link between the location of the lesion and its potential causes are discussed in relation to its diagnosis, biomechanics, treatment and prognosis. Chapters covering interdigital

lesions, the lateral side of the foot, torsion of the hallux, and the charcot foot are included. Diabetic Foot Syndrome: From Entity to Therapy aims to facilitate interdisciplinary understanding and is relevant to endocrinologists, as well as vascular and orthopedic surgeons.
