

1. Record Nr.	UNINA9910300289903321
Titolo	Hemorrhoids / / edited by Carlo Ratto, Angelo Parello, Francesco Litta
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2018
ISBN	3-319-53357-6
Edizione	[1st ed. 2018.]
Descrizione fisica	1 online resource (112 illus., 109 illus. in color. eReference.)
Collana	Coloproctology, , 2511-8161 ; ; 2
Disciplina	616.352
Soggetti	Colon (Anatomy) - Surgery Proctology Surgery Colorectal Surgery General Surgery
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Section 1- Basics on hemorrhoids: 1 Epidemiology of hemorrhoidal disease -- 2 Anatomy, physiology and pathophysiology of hemorrhoids -- 3 Classification of hemorrhoidal disease and impact on the choice of treatment -- 4 Haemorrhoids and media: impact on the patients -- 5 Clinical assessment of hemorrhoidal disease. Section 2- Therapeutic approach to the hemorrhoidal disease: 6 Medical therapy of hemorrhoidal disease -- 7 Endoscopic treatment of internal hemorrhoids -- 8 Selection of patients to the surgical treatment of hemorrhoids -- 9 Critical aspects of modern surgical approach to hemorrhoids -- 10 Management of hemorrhoidal disease in special conditions -- 11 The acute management of hemorrhoids. Section 3- Outpatient treatments: 12 Rubber band ligation, Sclerotherapy, Infrared coagulation and others: techniques and results in the surgical treatment of hemorrhoids -- 13 Why and when I do prefer outpatient treatments in the surgical treatment of hemorrhoids -- 14 Technical tips and tricks of outpatients treatments for hemorrhoids -- 15 Pros and contras of outpatients treatments for hemorrhoids -- 16 Main advantages of outpatients treatments for hemorrhoids -- 17 Main disadvantages of outpatients treatments for hemorrhoids -- 18

Literature review on outpatients treatments for hemorrhoids. Section 4- Hemorrhoidectomy: 19 Traditional hemorrhoidectomy: techniques and results -- 20 Modern hemorrhoidectomy: techniques and results -- 21 Why and when I do prefer the hemorrhoidectomy -- 22 Technical tips and tricks of hemorrhoidectomy -- 23 Pros and contras of hemorrhoidectomy -- 24 Main advantages of hemorrhoidectomy -- 25 Main disadvantages of hemorrhoidectomy -- 26 Literature review on hemorrhoidectomy. Section 5- Stapled hemorrhoidopexy: 27 Stapled hemorrhoidopexy: techniques and results -- 28 Why and when I do prefer the stapled haemorrhoidopexy -- 29 Technical tips and tricks of stapled haemorrhoidopexy -- 30 Pros and contras of stapled haemorrhoidopexy -- 31 Main advantages of stapled haemorrhoidopexy -- 32 Main disadvantages of stapled haemorrhoidopexy -- 33 Literature review on stapled haemorrhoidopexy. Section 5- Hemorrhoidal dearterialization and mucopexy: 34 Dearterialization of hemorrhoids and mucopexy: techniques and results -- 35 Hemorrhoidal dearterialization with laser: techniques and results -- 36 Why and when I do prefer the dearterialization of hemorrhoids and mucopexy -- 37 Technical tips and tricks of dearterialization of hemorrhoids and mucopexy -- 38 Pros and contras of dearterialization of hemorrhoids and mucopexy -- 39 Main advantages of dearterialization of hemorrhoids and mucopexy -- 40 Main disadvantages of dearterialization of hemorrhoids and mucopexy -- 41 Literature review on dearterialization of hemorrhoids and mucopexy. Section 6 -Perioperative management and outcome: 42 Intra- and postoperative management in patients submitted to operation for hemorrhoids -- 43 Postoperative complications following surgical procedures for hemorrhoids and their management -- 44 Literature data on the hemorrhoidal disease management -- 45 Patients' quality of life after different treatments for hemorrhoidal disease. .

Sommario/riassunto

This book offers a comprehensive guide to hemorrhoidal disease, the most frequent coloproctological affection. In addition to amply illustrated chapters covering the epidemiology and anatomic, physiologic, and pathophysiologic bases of hemorrhoids, readers will find helpful information on the classification of hemorrhoidal disease and modalities to assess it, as well as their significant impact on the choice of treatment. The work presents a complete panel of all therapies usually adopted to treat this condition and their outcomes, which are critically commented on by prominent specialists. Further, management of the disease in special conditions is also discussed. Lastly, a literature review and evaluation of the impact of different treatments on the patient's quality of life round out the volume, which is part of the Reference Work series entitled Coloproctology.
