

1. Record Nr.	UNINA9910300349603321
Titolo	Management of Chronic Kidney Disease : A Clinician's Guide / / edited by Mustafa Arici
Pubbl/distr/stampa	Berlin, Heidelberg : , : Springer Berlin Heidelberg : , : Imprint : Springer, , 2014
ISBN	3-642-54637-4
Edizione	[1st ed. 2014.]
Descrizione fisica	1 online resource (506 p.)
Disciplina	616.6/14 616.61
Soggetti	Nephrology Internal medicine Cardiology Endocrinology Family medicine Internal Medicine General Practice and Family Medicine
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	CKD: Basics and Clinical Assessment -- CKD Risk Factors: Assessment and Management -- CV Diseases and CKD -- CKD Complications: Assessment and Management -- CKD: Special Conditions -- CKD: Final Path to Renal Replacement Therapy.
Sommario/riassunto	This book presents a comprehensive and instructive management plan for physicians who care for CKD patients. Basic aspects of CKD, clinical assessment, evaluation and management of risk factors, cardiovascular disease in the context of CKD, assessment and management of CKD complications, special circumstances in CKD patients, and the path to renal replacement therapy are all thoroughly covered. Diagnostic and therapeutic approaches are presented according to the latest staging system for CKD, with patient care being discussed separately for each disease stage. The proposed management plan is both "best available evidence based" and "practice based". The book also recognizes the needs of busy clinicians by including helpful boxes summarizing the

evidence on diagnostic and therapeutic issues and practice pearls based on guidelines. The authors are recognized experts from across the world, ensuring global coverage of the problem, and most have participated in writing guidelines on CKD.
