

1. Record Nr.	UNINA9910300355903321
Autore	Di Marino Vincent
Titolo	Anatomic Study of the Clitoris and the Bulbo-Clitoral Organ // by Vincent Di Marino, Hubert Lepidi
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2014
ISBN	3-319-04894-5
Edizione	[1st ed. 2014.]
Descrizione fisica	1 online resource (160 p.)
Disciplina	610 611 612.62 616.6
Soggetti	Gynecology Obstetrics Urology Surgery Human anatomy Medicine—History Gynecology Obstetrics/Perinatology/Midwifery Anatomy History of Medicine
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Preface -- Acknowledgements -- History of Clitoris -- The Origins of Words 'Clitoris' and 'Landica' -- Formation of the Clitoris -- External Morphology of the Clitoris -- Structure of the Bulbo-Clitoral Organ -- Microscopic Study of the Clitoral-Bulbar Organ -- Physiologic Study of the Cavernous and Spongy Tissues -- Muscles Attached to the Bulbo-Clitoral Organ -- Innervation of the Bulbo-Clitoral organ -- The Vessels of the Bulbo-Clitoral Organ -- The Sensitive Corpuscles -- The Suspensory Ligament of the Clitoris -- Relationships of the Bulbo-Clitoral Organ -- Imaging of the Bulbo-Clitoral Organ -- Bulbo-Clitoral

Organ and Sex -- The Mutilations of the Clitoris -- The Clitoris in the Art and the Literature -- Conclusions -- Bibliography.

Sommario/riassunto

This eagerly awaited book offers a unique, comprehensive scientific study of the anatomy of the organ of female sexual pleasure. The authors use macroscopic and microscopic research to guide the reader from the glans, the visible part of the clitoris, where they explore the impressive sensory corpuscles, to the hidden roots of the bulbo-clitoral organ. They show its complexity, its exact location within the external genitalia and its intimate relationship with the urethro-vaginal pyramid. They also remind us that throughout history there has been a failure to understand this organ, and explain that this misunderstanding remains the cause of persistent excisions, criminal mutilating practices that have not yet been eradicated. Using extensive iconography, they demonstrate throughout this book that the bulbo-clitoral organ is an exceptional natural treasure that every woman possesses and that every man should know well.
