Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Nota di contenuto	Introduction -- Blood Transfusion -- Arterial Surgery -- Venous Surgery -- Amputation -- Vascular Access Surgery -- Lung Surgery -- Cardiac Surgery -- Renal Surgery -- Renal Transplant Surgery -- Liver Transplant Surgery.
Sommario/riassunto	Written by internationally acclaimed specialists, Cardio-Thoracic, Vascular, Renal and Transplant Surgery provides pertinent and concise procedure descriptions spanning benign and malignant problems and minimally invasive procedures. Complications are reviewed when appropriate for the organ system and problem, creating a book that is both comprehensive and accessible. Stages of operative approaches with relevant technical considerations are outlined in an easily understandable manner. Forming part of the series, Surgery: Complications, Risks and Consequences, this volume Cardio-Thoracic, Vascular, Renal and Transplant Surgery provides a valuable resource for

all general surgeons and residents in training. Other healthcare providers will also find this a useful resource.
