

1. Record Nr.	UNINA9910300414303321
Autore	Hyland G. J
Titolo	Herbert Fröhlich : A Physicist Ahead of His Time / / by G. J. Hyland
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2015
ISBN	3-319-14851-6
Edizione	[1st ed. 2015.]
Descrizione fisica	1 online resource (283 p.)
Collana	Springer Biographies, , 2365-0613
Disciplina	509 530 530.01 530.1 530.41
Soggetti	Physics History Condensed matter Mathematical physics History and Philosophical Foundations of Physics History of Science Condensed Matter Physics Theoretical, Mathematical and Computational Physics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Nota di contenuto	Chronology -- Prologue -- Early life in Germany.- Moving on - the years of exile.- Life in Bristol -- The Liverpool years - the first Professor of Theoretical Physics -- The Liverpool years - from Professor to Professor Emeritus -- Epilogue.
Sommario/riassunto	This biography provides a stimulating and coherent blend of scientific and personal narratives describing the many achievements of the theoretical physicist Herbert Fröhlich. For more than half a century, Fröhlich was an internationally renowned and much respected figure who exerted a decisive influence, often as a 'man ahead of his time', in fields as diverse as meson theory and biology. Although best known for

his contributions to the theory of dielectrics and superconductivity, he worked in many other fields, his most important legacy being the pioneering introduction quantum field-theoretical methods into condensed matter physics in 1952, which revolutionised the subsequent development of the subject. Gerard Hyland has written an absorbing and informative account, in which Herbert Fröhlich's magnetic personality shines through.
