

1. Record Nr.	UNINA990004092170403321
Titolo	Spemanns goldenes Buch des Theaters : eine Hauskunde fur Federmann / hrsg. unter Mitwirkung von Prof. Dr. Rudolph Genee ... [et. al.]
Pubbl/distr/stampa	Berlin ; Stuttgart : Spemann, 1902
Descrizione fisica	1 v. : ill. ; 17 cm
Collana	Spemanns Hauskunde ; 5
Disciplina	792.0943
Locazione	FLFBC
Collocazione	792.09 SPE 1
Lingua di pubblicazione	Tedesco
Formato	Materiale a stampa
Livello bibliografico	Monografia
2. Record Nr.	UNINA9910450810003321
Autore	Duncan Patti <1970->
Titolo	Tell this silence [[electronic resource]] : Asian American women writers and the politics of speech / / by Patti Duncan
Pubbl/distr/stampa	Iowa City, : University of Iowa Press, c2004
ISBN	1-58729-443-5
Descrizione fisica	1 online resource (293 p.)
Disciplina	810.9/895
Soggetti	American literature - Asian American authors - History and criticism American literature - Women authors - History and criticism Asian American women - Intellectual life Politics and literature - United States Women and literature - United States Asian American women in literature Asian Americans in literature Sex role in literature Silence in literature Electronic books.
Lingua di pubblicazione	Inglese

Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. [255]-266) and index.
Nota di contenuto	The uses of silence and the "will to unsay" -- What makes an American? : histories of immigration and exclusion of Asians in the U.S. in Maxine Hong Kingston's <i>China men</i> -- "White sound" and silences from stone : discursive silences in the internment writings of Mitsuye Yamada and Joy Kogawa -- Cartographies of silence : language and nation in Theresa Hak Kyung Cha's <i>Dictee</i> -- Silence and public discourse : interventions into dominant national and sexual narratives in Anchee Min's <i>Red azalea</i> and Nora Okja Keller's <i>Comfort woman</i> -- Tell this silence : Asian American women's narratives and feminist movement.
Sommario/riassunto	Tell This Silence by Patti Duncan explores multiple meanings of speech and silence in Asian American women's writings in order to explore relationships among race, gender, sexuality, and national identity. Duncan argues that contemporary definitions of U.S. feminism must be expanded to recognize the ways in which Asian American women have resisted and continue to challenge the various forms of oppression in their lives. There has not yet been adequate discussion of the multiple meanings of silence and speech, especially in relation to activism and social-justice movement

3. Record Nr.	UNINA9910300432903321
Autore	Raduta Apolodor Aristotel
Titolo	Nuclear Structure with Coherent States / / by Apolodor Aristotel Raduta
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2015
ISBN	3-319-14642-4
Edizione	[1st ed. 2015.]
Descrizione fisica	1 online resource (523 p.)
Disciplina	530 539.7092
Soggetti	Nuclear physics Heavy ions Nuclear Physics, Heavy Ions, Hadrons
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Introduction -- Classical vs Quantal Features in a Projected Spherical Coherent State -- Compact Formulas for Ground Band Energies -- Description of the Triaxial Rotor -- Semiclassical Description of Many Body Systems -- The Coherent State Model.- Pear Shaped Nuclei -- Coupling of one, two and three Quasiparticles to a CSM Core -- The Generalized Coherent State Model -- Two Applications of GCSM -- Boson States Basis -- Unified Single Particle Basis -- Boson Hamiltonians -- Comparison of CSM with some other Models -- Conclusions.
Sommario/riassunto	This book covers the essential features of a large variety of nuclear structure properties, both collective and microscopic in nature. Most of results are given in an analytical form thus giving deep insight into the relevant phenomena. Using coherent states as variational states, which allows a description in the classical phase space, or provides the generating function for a boson basis, is an efficient tool to account, in a realistic fashion, for many complex properties. A detailed comparison with all existing nuclear structure models provides readers with a proper framework and, at the same time, demonstrates the prospects for new developments. The topics addressed are very much of current concern in the field. The book will appeal to practicing researchers and,

due to its self-contained account, can also be successfully read and used by new graduate students.
