

1. Record Nr.	UNINA9910300457903321
Autore	Ali Mohammad Javed
Titolo	Atlas of Lacrimal Drainage Disorders / / by Mohammad Javed Ali
Pubbl/distr/stampa	Singapore : , : Springer Singapore : , : Imprint : Springer, , 2018
ISBN	981-10-5616-1
Edizione	[1st ed. 2018.]
Descrizione fisica	1 online resource (XXI, 709 p. 2307 illus., 2083 illus. in color.)
Disciplina	617.7
Soggetti	Ophthalmology Plastic surgery Otorhinolaryngology Plastic Surgery
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references at the end of each chapters.
Nota di contenuto	Section I – Fundamental Lacrimal Sciences -- Section II – Clinical Evaluation and Investigations -- Section III – The Punctum -- Section IV – The Canaliculus -- Section V – The Lacrimal Sac -- Section VI – The Nasolacrimal Duct.
Sommario/riassunto	Written by an expert in the field, this book is a comprehensive and up-to-date guide to the evaluation and management of lacrimal drainage disorders. Lacrimal disorders are one of the most common conditions encountered not only by oculoplastic surgeons and general ophthalmologists, but also by otorhinolaryngologists in their daily practice. Consisting of 77 chapters, it addresses the basic anatomy and underlying pathology, patient evaluation, and the surgical procedures currently performed in managing various lacrimal disorders. Surgical modalities including the endoscopic approaches are thoroughly and succinctly captured in pictures with detailed legends to aid understanding and offer a visual treat. Since familiarity with a surgical technique is incomplete without the knowledge of risk factors and red flags, the book discusses in detail how to deal with surgical complications and failure. The Atlas of Lacrimal Drainage Disorders is an essential companion to the author's previous work "Principles and Practice of Lacrimal Surgery".
