Conservation Jujutsu, or How Conservation NGOs Use Market Forces to Save Nature from Markets in Southern Chile -- 8. Strength and Limitations of Conservation NGOs in Meeting Local Needs: The Case of REDD+ in Nigeria -- 9. Misreading the Conservation Landscape.
Sommario/riassunto	This book explores how NGOs have been influential in shaping global biodiversity, conservation policy, and practice. It encapsulates a

growing body of literature that has questioned the mandates, roles, and effectiveness of these organizations—and the critique of these critics. This volume seeks to nurture an open conversation about contemporary NGO practices through analysis and engagement.
