

1. Record Nr.	UNINA9910300650103321
Autore	Wiley Joshua
Titolo	Beginning R : an introduction to statistical programming / / Dr. Joshua F. Wiley, Larry A. Pace
Pubbl/distr/stampa	Berkeley, CA : , : Apress, , [2015] ©2015
ISBN	9781484203736 1484203739
Edizione	[Second edition]
Descrizione fisica	1 online resource (337 pages) : illustrations
Collana	The expert's voice in programming
Disciplina	004
Soggetti	Programming languages (Electronic computers) Computer software R (Computer program language) R (Llenguatge de programació) Programming Languages, Compilers, Interpreters Mathematical Software
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Contents at a Glance; Contents; About the Author; In Memoriam; About the Technical Reviewer; Acknowledgments; Introduction; Chapter 1: Getting Started; 1.1 What is R, Anyway?; 1.2 A First R Session; 1.3 Your Second R Session; 1.3.1 Working with Indexes; 1.3.2 Representing Missing Data in R; 1.3.3 Vectors and Vectorization in R; 1.3.4 A Brief Introduction to Matrices; 1.3.5 More on Lists; 1.3.6 A Quick Introduction to Data Frames; Chapter 2: Dealing with Dates, Strings, and Data Frames; 2.1 Working with Dates and Times; 2.2 Working with Strings Chapter 5: Functional Programming 5.1 Scoping Rules; 5.2 Reserved Names and Syntactically Correct Names; 5.3 Functions and Arguments; 5.4 Some Example Functions; 5.4.1 Guess the Number; 5.4.2 A Function with Arguments; 5.5 Classes and Methods; 5.5.1 S3 Class and Method Example; 5.5.2 S3 Methods for Existing Classes; Chapter 6: Probability Distributions; 6.1 Discrete Probability Distributions; 6.2 The Binomial Distribution; 6.2.1 The Poisson Distribution; 6.2.2 Some

Other Discrete Distributions; 6.3 Continuous Probability Distributions; 6.3.1 The Normal Distribution 6.3.2 The t Distribution 6.3.3 The F distribution; 6.3.4 The Chi-Square Distribution; References; Chapter 7: Working with Tables; 7.1 Working with One-Way Tables; 7.2 Working with Two-Way Tables; Chapter 8: Descriptive Statistics and Exploratory Data Analysis; 8.1 Central Tendency ; 8.1.1 The Mean; 8.1.2 The Median; 8.1.3 The Mode; 8.2 Variability ; 8.2.1 The Range; 8.2.2 The Variance and Standard Deviation ; 8.3 Boxplots and Stem-and-Leaf Displays ; 8.4 Using the fBasics Package for Summary Statistics; References; Chapter 9: Working with Graphics 9.1 Creating Effective Graphics 9.2 Graphing Nominal and Ordinal Data; 9.3 Graphing Scale Data; 9.3.1 Boxplots Revisited ; 9.3.2 Histograms and Dotplots; 9.3.3 Frequency Polygons and Smoothed Density Plots; 9.3.4 Graphing Bivariate Data; References; Chapter 10: Traditional Statistical Methods; 10.1 Estimation and Confidence Intervals; 10.1.1 Confidence Intervals for Means; 10.1.2 Confidence Intervals for Proportions; 10.1.3 Confidence Intervals for the Variance; 10.2 Hypothesis Tests with One Sample; 10.3 Hypothesis Tests with Two Samples; References Chapter 11: Modern Statistical Methods

Sommario/riassunto

Beginning R, Second Edition is a hands-on book showing how to use the R language, write and save R scripts, read in data files, and write custom statistical functions as well as use built in functions. This book shows the use of R in specific cases such as one-way ANOVA analysis, linear and logistic regression, data visualization, parallel processing, bootstrapping, and more. It takes a hands-on, example-based approach incorporating best practices with clear explanations of the statistics being done. It has been completely re-written since the first edition to make use of the latest packages and features in R version 3. R is a powerful open-source language and programming environment for statistics and has become the de facto standard for doing, teaching, and learning computational statistics. R is both an object-oriented language and a functional language that is easy to learn, easy to use, and completely free. A large community of dedicated R users and programmers provides an excellent source of R code, functions, and data sets, with a constantly evolving ecosystem of packages providing new functionality for data analysis. R has also become popular in commercial use at companies such as Microsoft, Google, and Oracle. Your investment in learning R is sure to pay off in the long term as R continues to grow into the go to language for data analysis and research. What You Will Learn: How to acquire and install R How to import and export data and scripts How to analyze data and generate graphics How to program in R to write custom functions How to use R for interactive statistical explorations How to conduct bootstrapping and other advanced techniques.

2. Record Nr.	UNINA9910404132803321
Autore	Kadushin Max
Titolo	A Conceptual Commentary on Midrash Leviticus Rabbah : : Value Concepts in Jewish Thought // Max Kadushin
Pubbl/distr/stampa	Brown Judaic Studies, 2020 [s.l.] : , : Brown University, , 2020
Descrizione fisica	1 electronic resource (275 p.)
Soggetti	Religion / Judaism Religion
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	In this book Kadushin offers a running commentary on sections of Leviticus Rabbah. His goal is not only to explicate individual sections of this Late Antique midrashic work, but also to highlight the basic conceptual framework within which the rabbis worked. Kadushin's commentary highlights the indeterminacy of belief and the genuine emphatic trends that distinguish rabbinic Judaism while also calling attention to the special character of the rabbinic religious experience which he had earlier described as normal mysticism.

3. Record Nr.	UNISANNIOUBO2407289
Autore	Cortes Moreno, Maximiano
Titolo	Guia de usos y costumbres / Maximiano Cortes Moreno
Pubbl/distr/stampa	Madrid, : Edelsa Grupo Didascalia, 2003
ISBN	8477115923 9788477115922
Descrizione fisica	191 p. : ill. ; 19 cm.
Disciplina	946
Soggetti	Spagna - Guide Spagna - Civiltà Spagna - Usi e costumi
Collocazione	POZZO LIB.ECON MON
Lingua di pubblicazione	Spagnolo
Formato	Materiale a stampa
Livello bibliografico	Monografia
