Sommario/riassunto

"This volume places the development of the Joint Module 'Comparative Studies in Adult Education and Lifelong Learning' (COMPALL, ERASMUS+ Strategic Partnership) in the context of international development in higher education and adult education. Based on this framework, the authors discuss the development of the joint module in terms of its institutional and didactical structure as well as participants' motivation and diversity. The book is divided into three parts: (1) Internationalisation in Higher Education, (2) Internationality of Higher Education: The Case of Adult Education, and (3) Internationalisation of Higher Education: The Example of COMPALL."--
