Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	The interoperability debate -- Copyright cases in U.S. courts -- Interoperability under the DMCA -- Contractual limitations on reverse engineering -- Interoperability overseas -- The road ahead.
Sommario/riassunto	This title investigates an often overlooked factor in the development of today's interoperable world - the evolution of copyright law. The book examines the debates surrounding the use of copyright law to prevent competition and interoperability in the global software industry in the last 15 years.
