Sommario/riassunto	<p>It was one of these landmark special programs at the Foreign Correspondents Club of Thailand, on the top floor of the Maneeya Centre Building, in the upscale commercial heart of Bangkok, where Major General Pichet Wisaijorn was the exclusive guest speaker on that evening of November 2009. Many of the journalists, both Thai and Foreign, were present and Khun Roong and the other staff at the bar were working non-stop, dropping pizza here and glasses of dark beer there. Expectations were high. Pichet was the Fourth Army Region commander, which includes the three "problematic provinces" of Pattani, Yala and Narathiwat, plus a few unruly districts in the Songkhla province. Since 2003, thousands of people, rubber tappers, insurgents, traders, school teachers, civil servants, police officers, military personnel and some foreigners had been killed in a maelstrom of violence linked to what was officially called the "separatist insurgency" by the authorities as well as linked to the mafia culture prevailing in this region. The trafficking of women, drug peddling, extortion, smuggling of palm oil and cheap electronic items from Malaysia have always been rife in the deep South. This mafia culture is prevailing in many of Thailand's 77 provinces, but the total breakdown of law and order in the South makes it worse. Many in the audience were thinking</p>

that General Pichet would deliver some answers to the most important questions which have puzzled journalists, businessmen and other residents for years: who leads the insurgency? What are their objectives? How the movement is structured, or is it even structured at all? What is the division of power between the Southern Border Provincial Administrative Committee, the armed forces, the local administration and the central government? Have there been any attempts to negotiate with the insurgents? But the presentation of Pichet was rather disappointing. What is the direction of their policy? Pichet repeated the royally endorsed...

Sommario/riassunto

Part human rights drama, part political thriller, part love story, this riveting narrative chronicles the disappearance of one woman as it tells the larger story of the past fifty years of violence and struggle for social justice and democracy, and U.S. intervention in Guatemala. Maritza Urrutia was abducted from a middle-class neighborhood while taking her son to school in 1992. To Save Her Life tells the story of her ordeal which included being interrogated in secret by army intelligence officers about her activities as part of a political opposition group. Chained to a bed, blindfolded, and deprived of sleep, Maritza was ultimately spared because her family was able to contact influential intermediaries, including author Dan Saxon, who was in Guatemala working for the Catholic Church's Human Rights Office. Here Saxon brings to life the web of players who achieved her release: the Church, the U.S. State Department, the U.S. Congress, numerous NGOs, guerrilla groups, politicians, students, and the media. Reaching back to 1954, when Maritza's grandparents were activists, the book is a study of the complex and often cruel politics of human rights, and its themes reverberate from Guatemala to Guantánamo to Iraq.
