

1. Record Nr.	UNINA9910317611203321
Titolo	Retinoblastoma : An Update on Clinical, Genetic Counseling, Epidemiology and Molecular Tumor Biology / / edited by Govindasamy Kumaramanickavel
Pubbl/distr/stampa	Rijeka, Croatia : , : IntechOpen, , 2012
ISBN	953-51-6945-9
Descrizione fisica	1 online resource (182 pages) : illustrations some color
Disciplina	616.99484
Soggetti	Retinoblastoma Epidemiology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references.

2. Record Nr.	UNINA9910484917803321
Autore	Abeyratne Dr. Ruwantissa
Titolo	Law and Regulation of Aerodromes // by Dr. Ruwantissa Abeyratne
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2014
ISBN	3-319-04780-9
Edizione	[1st ed. 2014.]
Descrizione fisica	1 online resource (285 p.)
Disciplina	340 341 341.4 629.136/0218
Soggetti	Law of the sea International law Law of the Sea, Air and Outer Space
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Nota di contenuto	The Airport and the State -- Certification of Aerodromes -- Airport Planning -- Regulation of Airport Financing and Economics -- The Airport Business -- Aerodrome Security -- Joint Use of Military and Civil Airports -- Conclusion.
Sommario/riassunto	This book encapsulates in detail the principles pertaining to legal and regulatory aspects of aerodromes. As the title denotes, it discusses the various aspects of the structure and functioning of an aerodrome and the complexities involved. It focuses on the law and regulation of aerodrome certification and planning, aerodrome services, financial and economic planning, security, management and governance. The airport industry is one of the fastest growing within the aviation industry, requiring innovation and creativity in management. This in turn has called for an increased focus on advanced management programmes for airport managers and lawyers. The Airport Management Professional Accreditation Programme (AMPAP) offered worldwide by the International Civil Aviation Organization and Airports Council International, and the Angkasa Pura II Airport Management Excellence

Programme of Indonesia are two such initiatives which give airport professionals a sound grounding on the principles and techniques of management and law. .

3. Record Nr.	UNINA9910143592303321
Titolo	Computer Analysis of Images and Patterns : 9th International Conference, CAIP 2001 Warsaw, Poland, September 5-7, 2001 Proceedings // edited by Wladyslaw Skarbek
Pubbl/distr/stampa	Berlin, Heidelberg : , : Springer Berlin Heidelberg : , : Imprint : Springer, , 2001
ISBN	3-540-44692-3
Edizione	[1st ed. 2001.]
Descrizione fisica	1 online resource (XV, 746 p.)
Collana	Lecture Notes in Computer Science, , 1611-3349 ; ; 2124
Disciplina	006.4/2
Soggetti	Computer vision Pattern recognition systems Information storage and retrieval systems Dynamics Nonlinear theories Natural language processing (Computer science) Computer Vision Automated Pattern Recognition Information Storage and Retrieval Applied Dynamical Systems Natural Language Processing (NLP)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Image Indexing (MPEG-7) -- Image Compression -- Pattern Recognition -- Medical Imaging -- Motion Analysis -- Augmented Reality -- Industrial Applications -- Image Analysis -- Computer Vision.
Sommario/riassunto	Computer analysis of images and patterns is a scienti c eld of

longstanding tradition, with roots in the early years of the computer era when electronic brains inspired scientists. Moreover, the design of vision machines is a part of humanity's dream of the artificial person. I remember the 2nd CAIP, held in Wismar in 1987. Lectures were read in German, English and Russian, and proceedings were also only partially written in English. The conference took place under a different political system and proved that ideas are independent of political walls. A few years later the Berlin Wall collapsed, and Professors Sommer and Klette proposed a new formula for the CAIP: let it be held in Central and Eastern Europe every second year. There was a sense of solidarity with scientific communities in those countries that found themselves in a state of transition to a new economy. A well-implemented idea resulted in a chain of successful events in Dresden (1991), Budapest (1993), Prague (1995), Kiel (1997), and Ljubljana (1999). This year the conference was welcomed at Warsaw. There are three invited lectures and about 90 contributions written by more than 200 authors from 27 countries. Besides Poland (60 authors), the largest representation comes from France (23), followed by England (16), Czech Republic (11), Spain (10), Germany (9), and Belarus (9). Regrettably, in spite of free registration fees and free accommodation for authors from former Soviet Union countries, we received only one accepted paper from Russia.
