Sommario/riassunto	Cet ouvrage aborde la parenté, thème central du droit civil de la famille et éminemment d'actualité, en explorant ses trois dimensions fondamentales : qui est parent ? qu'est-ce que la fonction parentale ? qui exerce cette fonction ? Menée par des universitaires français et espagnols, l'étude présente la particularité d'analyser parallèlement les droits espagnol, catalan et français. Chaque corpus juridique proposant des réponses sensiblement différentes aux difficultés nouvelles que soulèvent la libéralisation des mœurs, les progrès scientifiques et

l'internationalisation des rapports familiaux, la comparaison effectuée apporte un éclairage original sur ce que signifie "être parents" en ce début de xxième siècle.
