

1. Record Nr.	UNINA9910317959503321
Titolo	Soil moisture / / edited by Gabriela Civeira
Pubbl/distr/stampa	[London] : , : IntechOpen, , 2019
ISBN	1-83962-055-2 1-78985-104-1
Descrizione fisica	1 online resource (118 pages)
Disciplina	910.02
Soggetti	Soil moisture
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	<p>This book is aimed at the majority of audiences who need to rapidly obtain a concise overview of soil moisture measurement and management. Many existing soil moisture textbooks cater for a traditional market where readers rely on years of study presented in a slender discipline. The evolution of segmental schemes has meant that soil moisture is now often included as a part of broad-based soil science programs. For those opting to specialise in soil moisture, this is a good book to choose. This book will be very useful to students, researchers and other readers who do not hold a traditional scientific background, such as those studying geography, environment science, ecology and agriculture. This book provides a concise overview of soil moisture knowledge.</p>
