

1. Record Nr.	UNINA9910319582003321
Titolo	Thermodynamics / / Cerebellum Corporation
Pubbl/distr/stampa	[Place of publication not identified] : , : Cerebellum Corporation, , [2012] ©2012
Descrizione fisica	1 online resource (1 video file (25 min., 40 sec)) : sound, color
Collana	Teaching Systems Chemistry Series
Soggetti	Physical sciences Physics Thermodynamics Internet videos.
Lingua di pubblicazione	Inglese
Formato	Videoregistrazione
Livello bibliografico	Monografia
Nota di contenuto	Energy Basics (5:33); State Functions and Hess's Law (0:22); The First Law of Thermodynamics (7:22); The Second Law of Thermodynamics (3:08); Gibbs Free Energy (4:46); Credits: Thermodynamics (0:16);
Sommario/riassunto	It's time to get energized and make things light up, heat up, power up, and break up. This program will melt away the complexity of thermodynamicsc and the functions and laws behind it. Heat up your class and make things happen, just like the energy found in this video. Topics include: Energy Basics, State Functions and Hess's Law, The First Law of Thermodynamics, The Second Law of Thermodynamics, and Gibbs Free Energy.
