

1. Record Nr.	UNINA9910320398803321
Titolo	Solutions // Cerebellum Corporation
Pubbl/distr/stampa	[Place of publication not identified] : , : Cerebellum Corporation, , [2012] ©2012
Descrizione fisica	1 online resource (1 video file (27 min., 50 sec)) : sound, color
Collana	Teaching Systems Chemistry Series
Soggetti	Chemical processes Chemical reactions Chemistry Physical sciences Internet videos.
Lingua di pubblicazione	Inglese
Formato	Videoregistrazione
Livello bibliografico	Monografia
Nota di contenuto	Solutions and Solubility (9:23); Expressing Concentration (5:05); Raoult's Law and Colligative Properties (10:28); Non-Ideal Behavior (1: 49); Credits: Solutions (0:14);
Sommario/riassunto	This program stirs things up by showing how combining chemicals turns substances into mixtures! You'll have all the answers, or solutions, on how combinations can be dry, wet, chunky, hearty, smooth, creamy, strong, and even invisible. So don't lose your concentrations when these solutions are being presented. Topics include: Solutions and Solubility, Expressing Concentration, Raoult's Law and Colligative Properties, and Non-Ideal Behavior.
