Organisations' age management of older volunteers: pointing to the future / Andrea Principi -- ; pt. IV Conclusions -- ; fourteen. Conclusions: enhancing volunteering by older people in Europe / Per H. Jensen.

Sommario/riassunto

In this topical book, older people's volunteering is studied in eight European countries at the structural, macro, meso and micro levels. Overall it highlights how different interactions between the levels facilitate or hinder older people's inclusion in voluntary work and makes policy suggestions for an integrated strategy.
