Sommario/riassunto	Ces dernières années, l'importance des thèmes liés aux frontières est allée crescendo, dans l'actualité politique et dans les débats intellectuels. Aujourd'hui, les drames qui se jouent aux frontières de l'Europe questionnent les fondements des communautés politiques contemporaines à travers les limites de celles-ci. Dans ce contexte, le présent ouvrage n'est pas un plaidoyer « pour » ou « contre » l'ouverture ou le renforcement des frontières de type national-étatique. Prenant acte des avancées des Border Studies, il invite à prendre du recul par rapport à une notion qui semble saturée, presque étouffante,

et entend faire droit à une diversité de significations et d'usages du faire frontière. À travers leurs différents objets et terrains et grâce à la complémentarité de leurs approches – l'anthropologie, la sociologie, la sociologie politique, les études européennes et la théorie politique – les contributions rassemblées éclairent les manières dont les communautés et leurs frontières se construisent mutuellement.

Sommario/riassunto

William Kristol, Paul Wolfowitz, Donald Rumsfeld, Condoleeza Rice, George F. Will, and Dick Cheney. These are today's neoconservatives" confident, clear-cut, and a political force to be reckoned with. But how should we define this new conservatism? What is new about it? In this volume, some of today's top political scholars take on the charge of explaining, defining, and confronting the new conservatism of the last twenty-five years. The authors examine the ideas, policies and roots of this ideological movement showing that contemporary neoconservatism has been able to blend many of the aspects
