

1. Record Nr.	UNINA9910830331203321
Titolo	Terrestrial Heat Flow
Pubbl/distr/stampa	[Place of publication not identified], : American Geophysical Union, 2013
ISBN	1-118-66882-0
Descrizione fisica	1 online resource (x, 276 pages) : illustrations, maps
Collana	Geophysical monograph, 8, number 1288, number 8
Disciplina	551.1
Soggetti	Terrestrial heat flow
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references.

2. Record Nr.	UNINA9910326551603321
Titolo	A rapid biological assessment of the upper Palumeu River watershed (Grensgebergte and Kasikasima), southeastern Suriname
Pubbl/distr/stampa	Arlington, VA : , : Conservation International, , 2013
Descrizione fisica	1 online resource
Collana	RAP Bulletin of Biological Assessment; ; 67.
Soggetti	Ecological assessment (Biology) Biodiversity conservation Rain forest ecology Suriname
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references (pages) and index.

Sommario/riassunto

Suriname is one of the last places on Earth where an opportunity still exists to conserve huge tracts of pristine, diverse tropical forests. This title contains the findings from a rapid biological assessment of the Grensgebergte and Kasikasima mountains of southeastern Suriname.
