

1. Record Nr.	UNINA9910337478303321
Titolo	Anemia in the Young and Old : Diagnosis and Management / / edited by Robert T. Means Jr
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2019
ISBN	3-319-96487-9
Edizione	[1st ed. 2019.]
Descrizione fisica	1 online resource (220 pages)
Disciplina	616.152
Soggetti	Hematology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	<p>Introduction: Anemia at the Extremes of Life -- Diagnostic Approach to Anemia in Childhood and Adolescents -- Approach to Anemia in the Elderly -- Inherited Bone Marrow Failure Syndromes -- Iron Deficiency Anemia During Childhood -- Anemia at the Extremes of Life: Congenital Hemolytic Anemia -- Immune-Mediated Hemolytic Anemia -- Anemia of Renal Failure/Chronic Kidney Disease- The Anemia of Inflammation/Chronic Disease and the Unexplained Anemia of the Elderly -- Pure Red Cell Aplasia -- Anemia in Elderly Patients: State of Art, with a Focus on Nutritional Anemia -- Clonal Hematopoiesis and Cytopenias in the Elderly.</p>
Sommario/riassunto	<p>This text provides a concise yet comprehensive overview of anemia in the young and old. The first section of the volume features age-specific diagnostic approaches to anemia, from the perinatal period to the elderly, with a particular emphasis on age-specific epidemiology, differential diagnosis, and testing. The second section focuses on specific anemia disorders, including inherited bone marrow failure syndromes, iron deficiency anemia, renal anemia, pure red cell anemia, and anemia of inflammation and chronic disease. Each chapter in this section revolves around a specific syndrome or group of syndromes, and addresses pathophysiology, diagnostic issues, natural history/prognosis, and treatment. Written by experts in the field, <i>Anemia in the Young and Old: Diagnosis and Management</i> is a valuable resource for clinicians and practitioners who treat the pediatric and</p>

elderly patient population afflicted with anemia.
