

1. Record Nr.	UNINA9910337501603321
Titolo	Hand Trauma in Clinical Practice // edited by Prateush Singh
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2019
ISBN	3-030-10844-9
Edizione	[1st ed. 2019.]
Descrizione fisica	1 online resource (196 pages)
Collana	In Clinical Practice, , 2199-6652
Disciplina	617.575 617.575059
Soggetti	Hand—Surgery Plastic surgery Critical care medicine Hand Surgery Plastic Surgery Intensive / Critical Care Medicine
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Introduction -- Hand Anatomy -- History & Examination -- Practical notes in Hand Trauma -- Tendon Injuries. - Soft tissue injuries -- Hand Infections -- Hand emergencies -- Local flaps of the hand -- Hand fractures -- Local Anaesthesia, Regional and brachial plexus blocks -- Consent -- Referrals from Primary Care. .
Sommario/riassunto	This book comprehensively covers hand trauma from initial presentation to management. Material is presented in an easy to follow practically applicable way, bridging the gap between what trainees encounter during training and what is encountered in a busy emergency department . Topics covered include upper limb anatomy, soft tissue injuries and infections, hand fractures, anaesthesia, and referrals from primary care, with detailed guides provided on how to successfully perform techniques such as digit replantation, extravasation, and locoregional flaps. Hand Trauma in Clinical Practice systematically describes a variety of categories of hand trauma, and plastic and orthopaedic surgical techniques. Therefore, it represents a valuable resource for practising and trainee plastic surgeons,

orthopaedic surgeons, and emergency care specialists.
